

## Services

### Case Management

Consumers meet with a case manager to identify needs and develop goals. Consumers are equipped with the tools necessary to access resources on their own.

### Information and Referral

Consumers and community partners are linked with resources such as food, clothing, utility assistance, and shelter.

### In Home Parenting

Parent Educators work with families in their own homes and provide education through the Parents as Teachers and Active Parenting Today curricula.

### Medication Assistance Program

Consumers, who lack prescription drug coverage, are provided access to maintenance medications at low or no cost.

### Pediculosis Outreach Program

Education and non-pesticide treatments are provided to families dealing with head lice. Follow up home visits are provided for families to help them address environmental concerns.

### Krackeroo Kids

Staff provide this character education program to schools, churches, and daycares.

### Smoke Free Talladega

Students take part in the school-based Youth Empowerment Program which educates them on the dangers of tobacco use and encourages them to effectuate change within their community. Staff also provide educational information on secondhand smoke at community events.

## Imagination Library

Children, birth to five years of age, receive free, age-appropriate books in the mail each month.

## Imagination Hour

Children enrolled in Imagination Library participate in a Saturday morning program that encourages early literacy and parental involvement.
